React JS | React Native | Frontend Developer

About Me

MSC in Computer Science graduate with a strong foundation in theory and hands-on experience. Backed by a successful year of freelancing, I've harnessed the power of web development and cross-platform app creation to provide tailored solutions. Currently engaged in an ongoing front-end internship, I am immersing myself in the latest industry trends and technologies. My journey reflects a dedication to innovation, collaborative problem-solving, and a knack for delivering user-focused results. With a passion for crafting seamless digital experiences, I am poised to make meaningful contributions to the ever-evolving world of technology."

Education
